

The Butterfly Effect Part 5

The loneliness of separation made for a mighty force indeed, they were all so very anxious to find each other with God speed. Though they all had love for the lands in which they had been left alone, they knew it was just a resting place and would never be their home.

rnd 34 (D) - *start in any corner*

*V, ch50, sc in middle ch2, ch50; rep from * til end

per side - 2 dc, 1 sc, 1 ch2-sp, 2 ch50-sp

rnd 35 (D) - *start in the ch before any corner*

*dc3tog connecting both chains and the corner ch2-sp, 60 sc around ch50-sp, FPsc around sc, 60 sc around ch50-sp; rep from * til end

per side - 1 dc3tog, 120 sc, 1 FPsc

rnd 36 (B) - *start in any corner*

*(2dcCL, ch1, 2dcCL, ch2, 2dcCL, ch1, 2dcCL), BPhdc in the next 60 sts, FPdc around the middle FPsc, BPhdc in the next 60 sts; rep from * til end

per side - 4 2dcCL, 2 ch1-sp, 1 ch2-sp, 120

BPhdc, 1 FPdc

rnd 37 (A) - *start in any corner*

*(2dcCL, ch1, 2dcCL, ch2, 2dcCL, ch1, 2dcCL), FPdc around CL, dc in ch1-sp, FPdc around CL, dc in the next 60 sts, FPdc around FPdc, dc in the next 60 sts, FPdc around CL, dc in ch1-sp, FPdc around CL; rep from * til end

per side - 4 2dcCL, 2 ch1-sp, 1 ch2-sp, 122

dc, 5 FPdc

rnd 38 (C) - *start in any corner*

*(2 dc, 1 tr, ch2, 1 tr, 2 dc), FPdc around CL, dc in ch1-sp, FPdc around CL, BPsc in the next 58 sts, BPhdc in the next 2 sts, BPdc, BPdc2tog,

The next part is tricky so pay close attention as you are not just crocheting in rnd 37:

You will be making the middle of the side like this: FPdc around the sc made in rnd 34 catching it through the ch2-sp made in rnd 33 - this will pull it up though the ch-sp - now do a sc in the next st in rnd 37, picot2b, and again you will make a FPdc around the sc from rnd 34,

Now you are back crocheting in rnd 37

BPdc2tog, BPdc, BPhdc in the next 2 sts, BPsc in the next 58 sts, FPdc around CL, dc in ch1-sp, FPdc around CL; rep from * til end

per side - 6 dc, 2 tr, 1 ch2-sp, 6 FPdc, 116

BPsc, 4 BPhdc, 2 BPdc, 2 BPdc2tog, 1 sc, 1 picot2b

rnd 39 (E) - start in any corner

*(hdc, dc, ch2, dc, hdc), BPdc in the next 6 sts, dc, ch1, sk st, [dc in next two sts, ch1, sk st] x18, dc, BPhdc in the next 5 sts, ch3, sk sts and start again with BPhdc in the next 5 sts the first one being in the BPdc2tog, dc, ch1, sk st, [dc in next two sts, ch1, sk st] x18, dc, BPdc in the next 6 sts; rep from * til end

per side - 2 hdc, 78 dc, 1 ch2-sp, 12 BPdc, 38

ch1-sp, 10 BPhdc, 1 ch3-sp
