We Are All:

Sisters In Stitch

Market Mittens

Designed by Therese Eghult

The Story Behind...

Inspired by the beach during winter; frozen seaweeds and tiny shells gathered on the shore glimmering in the cold clear light, the Market Mittens came to be.

This is a fun and quick Netflix and chill kind of make and as they are worked up in ONE PIECE (!!) with less than a skein of yarn AND you only have to fasten four threads in total per pair. How amazing is that?!

Have fun and happy hooking.

XXX

Tess

You Will Need

Mini Alpakka by Sandnes; Color White (1001); 50 gram = 150 meters; A 3 mm hook (5/0); Darning needle; Scissors.

Note! This pattern is highly adaptable and you can use almost any yarn weight as long as it has some stretch to it.

Skill level: Adventures Beginner

Abbreviations

US-terminology

st - stitch rnd - round BLO - Back Loops Only

> sl st - slip stitch ch - chain stitch

ch sp - chain space

tch - turning chain (does not count as a st)

sc - single crochet

dc - double crochet

shell - shell stitch
(2 dc + ch + 2 dc worked in the same st)

(...) - total number of stitches for the round

Note! You can use any yarn weight you like for this project as long as the yarn has some stretch to it. Just keep in mind that the thickness of your yarn and hook will influence the size of your mittens and that you may have to alter the pattern repeats some.

The Pattern

The Cuffs

Row 1. 9 ch, tch + turn (9 ch)

Row 2. Begin in the second st from the hook: sc in the next 9 sts, tch + turn (9 sc).

Row 3-32. *Note that these rows are worked entirely in BLO.* BLO sc in the next 9 sts, tch + turn (9 BLO sc x 32 rows in total).

Note! Keep measuring your cuff against your wrist. If it feels too small increase by adding 4 more rows. And the opposite if it feels to big decrease by 4 rows.

The pattern gives a very good stretch so check twice before you decide when it's the right size. You don't want them too loose.

After deciding on the right size; put the short sides against each other back side facing (with the first row placed against the last) and crochet them together with slip stitches: stitch against stitch.

Do not fasten off: keep working the hand rows on the next page with the same thread.

#MarketMittens

The Hand Rows

Before continuing on: turn the cuff right side out, placing the sl st row on the inside. You will now be working into the end of the cuff rounds from rnd 1.

Row 1. Make your first st a standing one, or use a sl st + ch2: *dc in the next st, skip the next st, shell in the next st, skip the next st; rep from * til end, close with a sl st in the first st (8 dc, 8 shell).

Row 2-11. Make your first st a standing one, or use a sl st + ch2: *dc in the next dc, shell in the ch1-sp of the next shell; rep from * til end, close with a sl st in the first st (8 dc, 8 shell x 11 rows).

Note! The dc's and shells mirrors each other from the previous rows and will end up upon each other: dc upon dc, shell upon shell. Airy and repetition are the keys.

After finishing the last row; simply fasten off your ends, make a second one and then enjoy your new market mittens! .
