Embroidery of the inner ears (C)

Note! The detail pictures on page 10; and video tutorials for the Wallicorn or Wallifox are very helpful for this part.

Turn your piece so you have the front side facing you. Find the middle and go from inside the ear and out.

Step 1. Insert the needle through any in the bottom, sew approximately 4 rows up and end at the beginning stitch at bottom.

Step 2. Do the same but diagonally and only 3 rows up on the left, coming back down and out through the same first stitch.

Step 3. Repeat for the right side.

Step 4-5. Place the needle under all three lines to pull them together, place the thread over on the front; omitting all of them and go back down the same stitch as usual.

Tie a double knot on the inside and hide in the ear.

Assembly of the ears (A)

1. Fold the sides of the ear against each other slightly and use the light grey thread to make them crease by placing a stitch through it and back.

2. Place the ears approximately 2,5 cm from the main body joining joining (about 4-5 cm apart). Continue on working with the light grey thread and attach both ears onto the ring with overhand stitches.

The leafs (F) Make 4 pieces - 3 mm hook

Ch 5; sl st in the second st from the hook, 1 sc + 1 hdc in the next st, 2 hdc in the next st, 1 hdc + 1 sc in the next st.

Now turn your piece and work around the opposite side. Begin in the same stitch you are already in:

1 sc + 1 hdc in the next st, 2 hdc in the next st, 2 hdc + p in the next st, close gently with an invisible join to the second st.

- 1 sl st, 3 sc, 9 hdc, 1 p

Save a long thread (approximately 40 cm and then cut the yarn for attaching the leaf to the main piece..

Use the beginning end to sew in any gaps created with the chain stitches. Use the final end and attach to the main body.

The Roses - 3 mm hook

Large sized rose (E) Make 1 piece

Row 1

ch 10

- 10 ch

Row 2 *Begin in the second eyelet from the hook*

4 hdc + 1 sl st in the next st, 1 sl st in the next st, (1 hdc + 3 dc + 1 hdc + 1 sl st in the next st, 1 sl st in the next st) x 3 times, 1 hdc + 3 dc + 1 hdc + 1 sl st in the next st.

- 12 hdc, 12 dc, 9 sl sts

Leave a long tail, curl the piece into a rose (see the video tutorial) and sew a few stitches through the bottom to secure the shape. Use the long threads to attach the leafs and flowers onto the first layer of the ring, i.e. don't work through the entire piece!

Small sized rose (G) Make 1 piece

Row 1

ch 8

- 8 ch

Row 2 *Begin in the second eyelet from the hook*

(4 hdc + 1 sl st in the next st, 1 sl st in the next st) x 3 times, 4 hdc + 1 sl st in the next st.

- 16 hdc, 8 sl sts

Leave a long tail, curl the piece into a rose and sew a few stitches through the bottom to secure the shape. Use the long threads to attach the leafs and flowers onto the first layer of the ring, i.e. don't work through the entire piece!

Daisy flower (D) Make 1 piece

In a magic circle

*1 sc + 2 dc + 1 sc x 5 times

Leave a long tail and attach the flower onto the first layer of the ring, i.e. don't work through the entire piece!

The hanging (A)

This is the easiest of easy; simply cut a long thread, stitch it through some stitches the backside, then tie both ends into a double knot close to the main body. Then tie the top strands together and finally trim the ends. Done!
